MAE FAH LUANG UNIVERSITY'S ANNOUNCEMENT

Recruitment for Academic Staff

Position: Lecturer Major: Materials Engineering

School of Sciences

.....

Mae Fah Luang University wishes to recruit and appoint individuals as academic staff. The details are as follows:

**1. Specific Qualifications**

| No. | Specific Qualifications | Vacant Positions |
|---|---|---|
| 1 | 1. Educational Qualifications:<br>1.1 A doctoral degree (Ph.D.) with a specialization in Metallurgy, Materials Innovation, Advanced Materials Processing/Manufacturing, or a related field.<br>1.2 A bachelor's degree in engineering (B.Eng.) in Metallurgical Engineering, Mechanical Engineering, Industrial Engineering, Civil Engineering, Materials Engineering, or a related field.<br>2. Good command of English communication is required, demonstrated by a valid score obtained from an accepted standardized test. Applicants must have achieved a minimum of one English score standard based on the university's criteria. Note: English language test results may be submitted within one year of employment at the University.<br>3. Teaching Qualifications: Able to teach in the following subjects,<br>3.1 Fundamental Engineering Courses: Engineering Drawing and Workshop I, Engineering Drawing and Workshop II, Mechanics of Materials, Engineering Statistics, Thermodynamics and Kinetics of Materials, Fundamentals of Electronics and Electrical Engineering<br>3.2 Compulsory Materials Engineering Courses: Metals and Alloys, Engineering Safety, Materials Engineering Project I (Professional Experience Track) (Co-advisor), Materials Engineering Project II (Professional Experience Track) (Co-advisor), Materials Engineering Seminar (Co-advisor), Materials Engineering Project. | **Lecturer (1 position)** Materials Engineering/ Industrial Engineering |

| No. | Specific Qualifications | Vacant Positions |
|---|---|---|
| | 3.3 Elective Materials Engineering Courses: Advanced Materials Processing, Construction Materials, Surface Engineering, Engineering Tools Design<br>4. Applicants must also satisfy the general qualifications prescribed by the University's regulations and relevant announcements. | |
| 2 | 1. Educational Qualifications:<br>1.1 A doctoral degree (Ph.D.) with an emphasis on Semiconductors, Sustainable Materials, or a related field.<br>1.2 A bachelor's degree in engineering (B.Eng.) in Materials Engineering or related fields.<br>2. Good command of English communication is required, demonstrated by a valid score obtained from an accepted standardized test. Applicants must have achieved a minimum of one English score standard based on the university's criteria. Note: English language test results may be submitted within one year of employment at the University.<br>3. Teaching Qualifications: Able to teach in the following subjects,<br>3.1 Compulsory Materials Engineering Courses: Ceramics and Glass, Fundamentals of Composite Materials, Characterization of Materials I, Characterization of Materials II, Sustainable Materials, Materials Engineering Project I (Professional Experience Track), Materials Engineering Project II (Professional Experience Track), Materials Engineering Seminar, Materials Engineering Project<br>3.2 Elective Materials Engineering Courses:<br>3.2.1 For Sustainable Materials Field Backgrounds. Semiconductor Devices, Electroceramics, Advanced Materials Processing, Construction Materials<br>3.2.2 For Sustainable Materials Field Backgrounds. Materials Recycling, Carbon Foot printing and Climate Impact Assessment, Advanced Materials Processing, Construction Materials<br>4. Applicants must also satisfy the general qualifications prescribed by the University's regulations and relevant announcements. | **Lecturer (1 position)** Semiconductor/ Sustainable Materials |

## 2. Application for an Academic Position

2.1 Application via MFU Application Form for the Lecturer Position (PDF File): Apply and complete the Academic Position Application Form. Choose the position for which you wish to apply. After completing the background and qualification check, please send the form to preeyaporn.nar@mfu.ac.th. The University will keep you updated on the process.

2.2 In person: Submit your application at the Personnel Division, Mae Fah Luang University, AD2 Building, Second Floor, Chiang Rai. Official Hours: Monday–Friday, 8:00 A.M.– 4:00 P.M.

2.3 By post: Mail your application, together with the required documents to: Personnel Division Mae Fah Luang University 333 Moo 1, Tasud, Muang District, Chiang Rai 57100.

## 3. Required Application Documents

3.1 One 1-inch portrait photograph taken no more than 6 months earlier (without a hat or any decorative item and without sunglasses)

3.2 A copy of the degree certificate and academic transcript for all levels of education relevant to the position.

3.3 A scanned copy of a valid English proficiency test result.

3.4 A scanned copy of the house registration certificate.

3.5 A scanned copy of the national ID card or Government official ID, Passport, etc.

3.6 Scanned copies of other documents (if any), such as a Marriage Certificate, Name change Certificate, etc.; and a copy of Military Service documents for male applicants.

3.7 Other related documents, such as academic works, research studies, certificates, etc.

**Note:** The applicant must submit all of the required documents; otherwise, the university reserves the right not to consider the application.

## 4. Selection Procedure

Stage One: The university will consider the applicant's academic degrees, academic records, relevant experience, academic achievements, research works and how closely the applicant's field of expertise corresponds to the department's needs. An applicant with a Master's degree will also be considered in terms of his/her Ph.D. pursuit potential.

Stage Two: The School will conduct a teaching demonstration assessment by convening a committee to evaluate candidates' potential in the following areas:

- Teaching ability: This includes systematic lesson planning, effective knowledge delivery, and student assessment.
- Academic competency: Candidates should demonstrate broad knowledge in their respective fields, in-depth expertise in the subjects they will teach, and the potential to excel as scholars.

**Stage Three**: Candidates who pass Step two will proceed to a university-level interview. The interview will assess academic knowledge and overall suitability based on various factors, such as attitude, interest, commitment, communication skills, interpersonal relations, and overall personality. Successful candidates will be considered for appointment as university faculty members.

**Note:** Mae Fah Luang University reserves the right to select and interview only applicants who meet the university's qualifications and requirements.

Applicants must ensure that their qualifications match the requirements of the position. If an applicant is later found to be unqualified, their application will be deemed invalid, and they will not be eligible for appointment. The University reserves the right to close the application process once a suitable candidate has been selected.

Announced for your information on November 10 , 2026

(Assoc. Prof. Dr.Darunee Wattanasiriwech)
